Group Evaluation

For each member of your group, including yourself, rank their contributions to the project. 10 is highest, 1 is lowest.

If a project was presented by an individual, an automatic 30/30 will be awarded. Otherwise, an average of all the group scores will be used to determine the final participation grade.

Participation: Student provided input into the project and remained on task throughout, assisted other group members.

Contribution: Student contributed valuable information to the group, and provided a fair share of the research information

Cooperation: Student gave and requested information from other members regarding the project's final layout and presentation.
