

The Digestive System

You will most likely get a question on this in your Regents exam so take your time and learn this very important diagram in all its infinite glory. And that includes the words too.

Ten Parts of Your Digestive System to Learn:

Have you learned the whole diagram?

The one thing they won't ask you to do on the Regents exam is draw the whole thing out yourself. BUT they could ask you about any part of it. So in the end you have to learn the whole thing anyway. And that means being able to cover the page and draw it out, words and all. If you can't draw it all out from memory — then you haven't learned it. Simple as that.
